

# HELP LAUNCH A SPECIAL WASHINGTON STATE VEHICLE LICENSE TO SUPPORT HEALTHY FORESTLAND STREAMS AND SALMON HABITAT

Show your support for working forests and the 20th Anniversary of the Washington State Forests & Fish Law by indicating you'd like to see a special "Forests & Fish" Washington state vehicle license plate, with no obligation to purchase.

The funds from the sales of these special plates will go to the Washington Tree Farm Program to help certify small landowners who practice sustainable forestry.

Before the Department of Licensing (DOL) can proceed, we need to collect at least 3,500 signatures. Signing this sheet does not obligate you to purchase a special plate, if they become available, but when they are available the information you provide may be used to notify you.

If you'd like more information, please contact Jason Callahan ([JCallahan@WFPA.org](mailto:JCallahan@WFPA.org)).

**Full Name**

**Address**

**(Area Code) Phone No.**

**Email**

**Signature**

When completed, return this form to:

Washington Forest Protection Association  
724 Columbia St. NW, Suite 250  
Olympia, WA 98501  
Attn: License Plate Program

Thank you for your support of Washington's working forests and the future of salmon!
